

Exercises

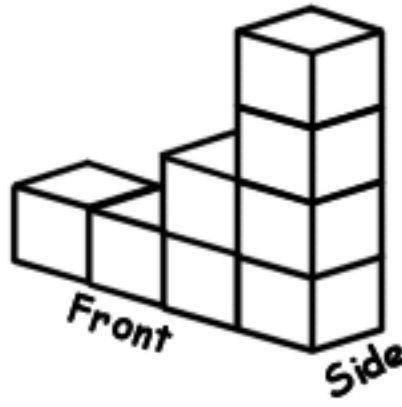

1) Match each top view with the correct isometric drawing.

2) The front view, side view and top view of two solids are shown below. On the isometric grids, draw the three-dimensional shapes that they represent.

3) Look carefully at the 3D shapes below and draw the top view, side view and front view of each.

a) Top View

b) Top View

c) Top View

d) Side View

e) Side View

f) Side View

g) Front View

h) Front View

i) Front View
